- **Event Signage** = signage that an organization might use for an event like a fundraiser or activity. Examples include: banners, photo-op signs, yard signs, golf outing signs, presentation checks, and other temporary and re-useable signage to help promote an event or provide logistics.
- **Vehicle Graphics** = Your vehicles can be an excellent way to advertise your mission. Examples include: vehicle lettering and removable magnets

Tips and guidelines for submitting a successful application:

- Five (5) Signs of Support Grants are available for 2027.
- Please consider your level of need prior to applying. Our goal is to provide assistance to those organizations with the greatest need. It is not our intent that organizations apply for assistance who already have adequate funding for their signage needs.
- Signarama Danvers reserves the exclusive right to determine grants and awards based on the judging committee's best estimation of organizational need and level of benefit to the community. All awards are final and cannot be combined with other offers or discounts. Signarama Danvers reserves the right to rescind a grant based on failure to put the project into production during the specified grant period, inaccurate description and/or specifications for signage project provided in grant application, or other impediments to the completion of the project not stated in the grant application and beyond the control of Signarama Danvers.
- Applications for grants must be submitted annually and are valid only for the award year. Any unused grant funds are non-transferable to the following award year.
- An organization may submit one application for any grant cycle, but a single application may contain multiple signs.
- If you are applying for more than one sign in your grant, please indicate which sign or project has a higher priority.
- Grants are awarded for the specific project described in the grant application only, including size, design and materials.
- Grants are in the form of signage and discounts, not monetary awards. The awards are available through Signarama Danvers exclusively and may not be transferred to another Signarama location.
- Applicable municipal zoning and sign permits are the responsibility of the applicant and in some instances, the installation of the signage may be the responsibility of the award recipient.
- Include as much detailed information relating to your request as possible. Attach pictures, drawings, or additional information related to location, purpose, or make note of the appearance of your old sign you are trying to replace. Use additional pages as necessary.
- Include the monetary amount you have available to contribute to the sign project. We are more inclined to award partial grants so we can spread our giving out among several worthy causes.
- **We recommend that you make an appointment** (call 978-774-0936 or email danversma.sales@signarama.com) to discuss the signs you want. This allows us to provide you with ideas and options for your specific sign needs.
